1. I love to take my play - dough and squish it down real flat,
2. I'm al - most like my play - dough, I change when I get pushed.

I shape it in - to man - y things a ball, a bowl, a cat.
Some - times I feel like some - thing nice, some - times like some - thing squooshed.

It chan - ges when I push it it does what I de - cide;
If I let Sa - tan mold me I won't be ve - ry nice

My fin - ger - prints will show there on front or back or side.
But fin - ger - prints of Je - sus will make me more like Christ.
